ORDER AS TO MEDIA REQUEST FOR SEPTEMBER 21, 2026 HEARING

On September 14, 2026, a media request was filed by a representative on behalf of KY3 News, Springfield, Missouri, with the Media Coordinator for the 27th Judicial Circuit, seeking permission to video record the proceedings to be held on September 21, 2026 in the above captioned matter as well as any further proceedings. The Court and parties were promptly notified of the request; the parties were given an opportunity to object. Plaintiffs filed an objection to the use of video and microphones at the September 21, 2026 hearing. By separate Order this Court has overruled the Plaintiff's objections. The Court has reviewed the media request and found it to be timely and in good order. The Court finds that the media request filed on September 14, 2026 shall be granted as to the September 21, 2026 hearing only, and subject to the following directives of the Court:

- (1) No video recording or still photography shall begin in the courtroom until the case is formally called by the Court; no video recording or still photography shall occur in the courtroom prior to or after the proceedings or during any period of time the Court is otherwise in recess;
- (2) Media shall not conduct interviews, video record, record, photograph or prepare a news report in the hallways of the Benton County Courthouse or impede the entry ways or exits of the Courthouse;
- (3) The media shall advise and receive approval from the media coordinator of the media equipment sought to be used for media coverage and work with the media coordinator as to the location and placement of any media equipment in the courtroom;
- (4) No media or media equipment shall block the view of persons seated in the public area of the courtroom;
- (5) All media and media equipment should be in place and operational in accordance with Missouri Supreme Court Operating Rule 16 at least 30 minutes prior to the scheduled time of commencement of the proceeding;
- (6) Media shall coordinate with the media coordinator as to the pooling of any video, recording or photographs; and
- (7) The organization and its representatives making the media request and requesting to video record and/or use still photography for the hearing on September 21, 2026 shall comply in all respects to Missouri Supreme Court Rule 16, and all orders of the Court.

The Court's granting of the media request is as to the September 21, 2026 hearing only. Media must renew requests for any future proceedings.

IT IS SO ORDERED.
